Rental Requirements

Renter must provide:

- Valid Driver License
- Valid Visa, MasterCard, AmEx, or Banking Card
- Personal information (Name, Address, Phone #)
- Business Information (if applicable)
- Signed rental agreement
- Signed Conditions of Equipment Use Agreement
- Some equipment will require a Certificate of Insurance (COI) listing Mid-State Equipment as a Loss Payee and Additionally Insured (see associate for details)

Rental rates are based on the following:

- one day is 24 hours (8 hours max run time),
- one week is 7 consecutive days (40 hours max run time),
- one month is one calendar month (30 days) (160 hours max run time).
- Rental period start at 7:30am on day of rental

Note:

Price, availability and equipment inventory subject to change at any time.

Mid-State Equipment reserves the right to cancel or postpone any rental

**MID-STATE
EQUIPMENT**

Conditions of Equipment Use Agreement

Mid-State Equipment hereby leases to the Lessee the equipment listed on the front of this Agreement for the term and the payments set out and agreed upon in the front of this Equipment Use Agreement. Payments shall be made to Mid-State Equipment at the address marked below. Lessee will pay the cost of transporting the equipment to and from agreed upon delivery location.

It is contemplated the equipment will be operated by a trained operator. Equipment will be operated in accordance with terms listed on the front of this agreement. Lessee examined and accepted equipment and dealer explained operation and servicing requirements of equipment to lessee. The Lessee agrees to pay additional rental, prorated at the applicable daily, weekly, monthly and hourly rate for the equipment used in excess of such time. The additional rent for excess use shall be paid in full at the time the equipment is returned. If there is an hour meter furnished, Lessee agrees to keep it connected to the equipment and in good working condition at all times and is to be used as the conclusive basis of the number of hours of operation. If Lessee fails to return the equipment promptly at the end of rental term, additional rent shall be payable for each day units are not returned at the normal rental rate.

Lessee shall indemnify Mid-State Equipment against all loss or damage to the equipment while it is out of Lessor's possession and the amount of any such loss or damage shall be based on the value of equipment at time of rental. Damage to the equipment, other than total loss, shall not abate or excuse the making of prescribed rental payments.

Lessee agrees to use and care for the equipment in a careful and prudent manner, to pay all operating, maintenance and repair expenses while the equipment is out of the possession of Mid-State Equipment. The equipment shall be returned to Lessor in same operating condition as received, reasonable wear and tear expected. If, upon its return to Lessor, the equipment is not in the same operating condition as received by the Lessee, the Lessor may repair it and Lessee will pay the cost of any such repairs at Lessor's regular shop rate (\$75.00/hour).

Lessee unconditionally assumes all risk and liability for, all damages for injuries or death to person and property arising out of or related (whether directly or indirectly) to the use, rental, possession or transportation of the Equipment including any claims Lessor was negligent, failed to warn Lessee of any risks or dangers associated with use, possession or transportation of the Equipment. Neither Lessor, its assigns, nor the Manufacturer shall be liable for any special, incidental, consequential or punitive damages which may result from any failure or use of the Equipment or for breach of this Agreement. Lessee at his own expense will carry public liability insurance with a minimum liability limits in the amount of \$500,000 per person, and \$500,000 per occurrence for bodily injury, including death, and in the minimum amount of \$500,000 per occurrence for property from any failure or use of the equipment.

Equipment Use Agreement

Additional of Accessories: Lessee will not, without written consent of Lessor, install any accessories or devices on the equipment if such installation will impair the original intended function or use of the equipment. All accessories or devices fixed to the equipment shall automatically become property of Lessor unless such accessory or device can be removed without in any way affecting the originally intended function or use of the equipment. Any damage to the equipment caused by the removal of such accessories or devices shall be repaired at Lessee expense.

Compliance with Regulations: Lessee shall comply with and conform to all laws and regulations relating to ownership, possession, use and maintenance of the Equipment.

Inspection: Lessee shall, whenever requested, advise Lessor of the exact location of the equipment. Lessor and its representatives may, for the purpose of inspection, at all times, enter upon a job site, building or place where equipment is located. Lessor may remove equipment without notice to Lessee if, in the opinion of the Lessor, it is being used beyond its capacity or in any other manner improperly cared for or abused.

Assignment: Lessee agrees that Lessor may assign the Equipment Use Agreement and all right, title and interest of Lessor in and to the equipment, and all rents due or to become due to Lessor hereunder (of which assignment Lessee hereby waives notice) and Lessee agrees to recognize such assignment. Lessee's obligation to pay rent under this Equipment Use Agreement shall not as to any such assignee be subject to any diminution arising out of breach of any obligation hereunder or other liability of Lessor to Lessee. Lessee may not assign the Equipment Use Agreement, sublease the equipment, or allow its use by persons not in his employ, without written permission by Lessor.

Default: Lessee must surrender equipment immediately to the Lessor, if Lessee fails to make any rental payment when due, attempt to sell or encumber the equipment, cease operating the equipment, make the equipment unsafe, or have instituted against him proceedings under any bankruptcy or insolvency law, make an assignment for the benefit of creditors, or fail to comply with any other provisions of this Equipment Use Agreement. Lessee agrees to deliver equipment to Lessor on demand. Lessor may enter any job site, building, or place where the equipment is located and take possession without notice to Lessee, and this Equipment Use Agreement shall terminate and be forfeited at the option of the Lessor. In the event of any such action, Lessee agrees to pay all guaranteed rentals and all other rentals due, damages to the equipment, legal expenses, costs of removal of the equipment from the possession of Lessee, and all freight, storage, transportation and other charges incurred in such removal and return to Lessor place of business.

Construction: This agreement shall not be construed as conveying to Lessee any right, title, or interest in or to any item of equipment leased hereunder, except as a Lessee.

Guaranteed Rental - Return of Equipment: Lessee may return the equipment and terminate this Equipment Use Agreement on three days notice to Lessor, provided the guaranteed rental shown on the reverse side is or has been paid.

General: Lessor's failure at any time to require strict performance by Lessee of any of the provisions of this Equipment Use Agreement shall not waive or diminish Lessee's right to demand strict compliance with any provision. Waiver of any default shall not waive any other default. Dealer is authorized to insert missing information on the Equipment or Lessee into the agreement. This agreement supersedes all prior agreements (oral or written). Any alteration or modification of this Equipment Use Agreement shall be in writing and signed by the parties hereto. Lessee acknowledges receipt of a signed copy hereof.
